The University of Regina Lifelong Learning Centre is offering an intermediate level course on beekeeping. Students will experience hands-on, in-the-field instruction (weather permitting) and invaluable information to move them from bee-having to bee-keeping. Taught by 5th generation beekeeper, Andrew Hamilton, students are sure to benefit from Andrew's years of experience and insight.

While this class will be taught at an intermediate level, even beginning beekeepers will benefit from the course content and experience (however, some experience with honeybees is expected).

- honeybee biology
- identifying diseases
- integrated pest management
- preventing swarms
- re-queening
- splitting
- introduction to queen rearing
- record keeping
- legal matters

Dates: every Monday Sep. 18 to Nov. 20, except: Oct. 9 and Nov. 13

Time: 7:30 pm to 9:30 pm (classes at Hamilton Apiaries may have different times to match daylight hours)

Location: U of R Adult Learning location (off-campus) at [2161 Scarth Street](#) and at Hamilton Apiaries

Cost: \$125 register online at https://ca.apm.activecommunities.com/uregina/Activity_Search/1551
